

One-Year Limited Warranty

KES warrants its products purchased from authorized sellers to be free from defects in material and workmanship for one (1) year from the original date of purchase.

What We Will Do

KES will repair or replace, FREE OF CHARGE, during the one (1) year warranty period, any part that proves defective in material and/or workmanship under normal installation, use and service. If repair or replacement is not practical, KES may elect to refund the purchase price in exchange for the return of the product.

What Is Not Covered

KES shall not be liable for any damage to the product resulting from reasonable wear and tear, installation and maintenance errors, outdoor use, freezing water, abuse, misuse, and use of cleaners containing abrasive cleansers, ammonia, bleach, acids, waxes, alcohol or other organic solvents.

KES is not responsible for removal, installation, labor charges, or other incidental or consequential costs. In no event shall the liability of KES exceed the purchase price of the product.

KES AND/OR SELLER ARE PROVIDING THESE WARRANTIES IN LIEU OF ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING BUT NOT LIMITED

TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. KES AND/OR SELLER DISCLAIM ALL LIABILITY FOR SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES.

Some jurisdictions do not allow the exclusion or limitation of incidental or consequential damages, so these limitations and exclusions may not apply to you. This warranty gives you specific legal rights and you may also have other rights which vary from jurisdiction to jurisdiction.

This warranty applies only to KES products sold in North America and Europe.

Supplementary Terms

Warranty terms may vary depending on the laws and regulations of the country or region where the product is sold. Consumers may have statutory warranty rights under local consumer protection laws that are not affected by the terms of this commercial warranty. For specific warranty rights applicable in your region, please refer to local consumer protection legislation.

1

Place the sink in the desired location and mark the centerlines for the drain hole and faucet holes with a pencil.
Please allow a 4" minimum clearance from the wall to the sink for proper installation.

2 Align the mark and carefully cut it with a 4" hole saw.

3 Apply silicone sealant around the bottom edge of the sink where it will rest on the countertop.

4 Set the sink in place. Note: Do not move the sink until the silicone sealant has fully dried.

5 After the sink is secured, apply silicone sealant around the entire perimeter where the sink and countertop meet.
